RECENT ELECTIONS.—The latest news received from Pennsylvania, Ohio and Indiana indicates quite a falling off of reported Radical majorities. The returns from these elections are still incomplete. It is pretty certain, however, that there has been a Democratic gain of four Congressmen in Pennsylvania, three in Ohio and one in Indiana. A triumph has been achieved by the Democracy in the defeat of Ashley and the election of Voorhies. Vallandigham's chances for election were also considered good at last accounts. In a few more days all probability correct returns will be received, despite the attempts of Radicals to control the telegraph. Enough has already been learned of the result to show that the Democracy in those States have made a gallant fight, and that Radical schemes of fraud and corruption will in all probability fail in their attempts to secure the great States of Pennsylvania and Indiana to Grant on the 3d of next month.

ANOTHER THREE HUNDRED MILE RACE.—The Record says: "In imitation of the great riding race in San Francisco, parties in Sacramento have made arrangement for a grand three hundred mile race, to come off in Sacramento on the 25th of this month. John Taylor is to ride 300 miles within fourteen hours, using thirty-five horses for the race. He is backed by A. J. Rhoades, who wagers \$1,000 that the distance can be ridden within the specified time. Christopher Green putting up a like sum that the contrary will be the result. The 300 mile race in San Francisco was made in fourteen hours and nine minutes. It will be seen by this that Taylor proposes to beat this time by nine minutes."

POPULAR SENTIMENT IN WISCONSIN.—As an evidence of the settled determination of the Western people to hurl the Radicals from power, the wildest enthusiasm prevails in favor of Seymour and Blair. In the State of Wisconsin alone, not less than nine new Democratic papers have been started since the nomination of Grant, and many of the ablest and most prominent Radicals in the State, among whom are Ex-Gov. Sherwood and Hon. H. G. Webb, have deserted the sinking fortunes of Radicalism and taken a bold stand in behalf of Democracy.

LIVES OF SEYMOUR AND BLAIR.—We call attention this week to our supplement containing sketches of the lives of Horatio Seymour and Frank P. Blair. These sketches are derived from unquestionable authority, and present in a concise form, events and incidents in the public and private experience of the Democratic candidates. They are a thorough refutation of groundless charges and vile abuse which have been heaped upon them by unscrupulous political enemies. Let all, irrespective of party, who desire to know the truth, read carefully the facts therein set forth.

OPPOSITION STEAMERS WITHDRAWN.—The opposition line of steamships running between San Francisco and New York has been withdrawn. The consequence is that fare will be greatly increased, and perhaps accommodations will not be so good. Both companies, for some time past, have been enjoying the confidence and patronage of the public, and the withdrawal will doubtless be much regretted by all who contemplate a swing around the circle.

CANDIDATES FOR DISHONOR.—John C. Heenan, the "Buccia Boy"—a law-defying ruffian—and McCool, an individual who bears the same reputation among decent men, have announced themselves as candidates for the championship of the American prize ring. It is about time that these disgraceful and brutal exhibitions should be frowned upon and denounced by the press as they deserve to be.

INDIAN OUTRAGES.—Recent accounts from Denver City represent the Indians in that vicinity as very hostile. A small white settlement about thirty miles from Denver, was recently attacked by the red skins, and after being subjected to the most brutal outrages, the inhabitants were all literally cut to pieces.

ALARMING INCREASE.—The statement of Secretary McCulloch shows that the public debt increased during the month ending September 1st, \$12,079,833. At this rate the yearly increase would be over \$144,000,000! A fine prospect for tax-payers.

## PREJUDICE.

Among civilized people who profess to be governed by Christian principles, and boast of their love of law and order, it is surprising to what extent illiberal sentiments and prejudices have power to pervert and destroy all finer feelings of humanity. Hatred of the South, unrelenting hatred of everything Southern seems to be the secret mainspring of Radical action. In whatever manner it appears possible to deceive, betray, persecute, abuse and misrepresent those people there, the hideous form of Radicalism may be found exerting its power to increase their misfortunes. And what is the Radical excuse for all this? Have not the Southern people long since lain down their arms, quietly returned to their homes, given up the contest, acquiesced in the result of the war, and expressed their anxiety to be restored to their old relations with other States in the Union? It has been said by dishonest Radicals that life and property were not secure in the South; and yet it is a well established fact that all the leading and prominent citizens of that section have been ever since the close of the war, as they are now, engaged in the interests of peace. The passions of the people, born of the war, have long since been allayed, and nothing can be more unfair and desperately wicked than the disposition shown by Radicals to misrepresent the state of feeling and place the people in a false light. The true state of affairs in the South was not long since made clearly apparent to all candid minds by the correspondence between General Rosecrans, Gen. Lee and others, furnishing abundant proof of the existence among all the influential citizens of the South of an earnest desire to find protection under the flag of the Union, and enjoy the privileges and immunities guaranteed to all citizens under the Constitution. But Radical prejudice laughs to scorn the researches and declarations of men who know whereof they speak regarding these matters even in spite of the testimony of General Grant, who reported that "excellent feeling" prevailed all over the South. The time is coming when the shameless hypocrisy of Radicalism will be unmasked and its deformity exposed. "Let us have peace;" that peace which is best calculated to restore confidence and insure prosperity and which can only be gained through the overthrow of the party in power at the election next month. Democrats, are you prepared for the struggle? Let no duty which the good of the country demands be neglected. The people must decide between Radical misrule for another period of four years, or a Democratic triumph, insuring unity and fraternity.

## Letter from Buckeye.

BUCKEYE, YOLO CO.,  
Oct. 13, 1867.

EDITOR DEMOCRAT: Previous notice having been given that several distinguished speakers would address the citizens of this place on Saturday last, a large and orderly assemblage of ladies and gentlemen were promptly seated at the appointed hour to hear the principles of true Democracy properly expounded, and the pretensions of the Republican party analyzed. The occasion was ushered in by the firing of cannon, the burning of bonfires and the discourse of excellent music by the Woodland Brass Band. Col. F. G. Russell was elected Chairman, and J. O. Maxwell, Secretary. Our worthy District Attorney being called for, was introduced by the Chairman, and clearly proved the claims of Democracy by a comparison of the two parties so plain that "the wayfarer mau, though a fool, need not err therein." Hon. A. Compton, Jr., of Sacramento, followed, and spoke at considerable length. To those of your readers who have heard this able speaker, it is almost useless for me to say he made a happy effort. Thrilling his audience by his eloquence, and anon convulsing them with laughter by his wit, they could have listened much longer without fatigue. W. M. De Witt responded to the calls of the audience for a short time in a speech full of earnest and thrilling eloquence. Other speeches were made, and the enthusiastic crowd did not adjourn until a late hour. Before adjournment J. C. Ball, Esq., ascended the stand and corrected an error which he learned was prevalent in some parts of the county, that the time had passed for enrolling names on the Great Register, and stating that the time would not expire until the day of election. The meeting now adjourned with cheers for the speakers and our "Country Caspioneer." The Woodland Brass Band is deserving of thanks for their excellent music.

I write this that other Democratic precincts may know that the "State of Buckeye" is not behind in its enthusiasm for Seymour and Blair, and will not yield, without a struggle, its claim as the banner precinct of the county.

"Let us have peace," say the Radicals, and yet they glory in the fact that right of suffrage has been wrested from intelligent white citizens, while the most ignorant and degraded classes of blacks are entrusted with power to rule according to their own caprices. If violence and defiance to the Constitution are preferable to law, order, and good government, it is proper that fanatics should destroy State Governments and change the laws to suit themselves; but if peace and happiness is desirable, then Congressional dictation must yield to the experience and culture of those who are properly qualified to manage public affairs in conformity with the Constitution.

ARRESTED.—Charles Snyder, a collector for the Builders' Insurance Company of San Francisco, is under arrest on a charge of embezzlement.

The Missionary Record, a paper conducted and printed by negroes in Charleston, S. C., says a collision between the two races is imminent, and that the blacks are prepared for it; that every plantation has its captain, and that 50,000 negroes are armed and prepared at a moment's notice to defend their rights and liberties. This assertion regarding the negroes being armed, is confirmed by the statements of delegates from all quarters of the State, in the Democratic Convention of Columbia. The call for "arms" by the carpet-baggers at Washington may now be understood. And the real meaning of their cry, "Let us have Peace," may also be understood.

BACKING DOWN.—The Examiner of a recent date says: "For some days the Mongrel blowers have been quiet in their disposition to bet on this State. In fact, there is plenty of Democratic money, but no takers. The knowing ones among the Radicals have given it up. Pixley has returned from his Southern tour disheartened and dispirited. He will be beaten by seven thousand majority. The Third District will give Seymour two thousand majority, and the Second one thousand. November next will settle the Mongrel hash in this State for all time."

DEAD.—Henry C. Miller, formerly editor of the Oregonian, died of yellow fever a few weeks ago in Nicaragua.

## New Advertisements.

## To Whom It May Concern.

We, the undersigned residents of Yolo county, applicants and policy holders in the Continental Life Insurance Company of New York, do hereby proclaim and affirm, that a loan of 3% or 3 1/2% per cent. of the annual premiums has been given us, with the express understanding that the annual dividends declared by said company, shall be applied to the cancellation of the same, being available after the payment of the third premium.

And, furthermore, that we believe said company did according to its statement declare a dividend to its policy holders of 40 per cent. on the 27th day of January, 1868, and a denial of the same by any person betrays a want of candor or lack of knowledge.

T. C. Peckman, Wm. Hatcher, A. Sprague, M. D., A. B. Mann, C. Elliott, F. J. Barnes, U. Shellhammer, E. R. Jackson, Dr. Dobbins, Jas. Hamilton, C. Beach, Geo. Rawlston, J. W. Stoenburg, D. Hays, D. Shindler, R. C. Briggs, P. Lemux, Geo. Hatcher, John F. Baker, W. W. Hadley, B. W. Wagne, Wm. W. Jackson, G. A. Fabricius, P. T. Young, R. Benham, D. Q. Adams, M. Hays, B. C. Vanzandt, Adam Stiner, A. J. Ogden.

We are of the opinion the above statement, which has been occasioned by the publication of a card published in the DEMOCRAT and YOLO MAIL, over the signature of J. N. Homans, Agent of the Mutual Company of New York, denying that the Continental did declare a dividend to the policy holders, will be perused by over forty other persons similarly interested, who will share equally in the displeasure thus incurred.

The unprincipled and pernicious practice resorted to by some agents of misrepresentation, and thus deceiving the public in regard to the merits of other companies in rivalry, is not tolerated by the officers of the Continental. All their agents are reminded of the old adage, "Honesty is the best policy," J. A. BISSELL, Agents, A. J. HALL.

## A CARD.

In a card issued by me and published in the YOLO county papers, I stated that the "Continental Insurance Company" had not declared a dividend to its policy holders. As I could not find any mention made in the New York Insurance Report of their having declared a dividend, I thought that such was the case; but as they claim to have declared a dividend to their policy holders since the New York Report was published, (December 31st, 1867) and I not having any proof to the contrary, will therefore now withdraw that part of my statement wherein I stated that they had not declared a dividend to policy holders.

I wish to state that it was not my intention or desire to misrepresent or traduce the "Continental," but to state what I considered a plain statement of facts; and further, that the General Agent of the "Continental" has acknowledged the balance of my statement in the card above mentioned to be correct and true. J. N. HOMANS, Agent Mutual Life Ins. Co.

## A FEW SELECTIONS

From a Mass of Testimony now on File.

NEWARK, Licking Co., Ohio, August 19th, 1867. MESSRS. HOSTETTER & SMITH—Gents: My wife having received so much benefit from the use of your Bitters, I deem it my duty to give testimony in their favor. About one and a half years since, she had a severe attack of Dysentery, continued for the space of time, baffling the most skillful physicians in the country. We finally became discouraged, and gave up all hopes of her recovery, when, by accident, I attracted attention to your most valuable Bitters by Messrs. Collins & Thurston, druggists, handing me one of your Almanacs. Finding them recommended for Blood Purifier, I bought one bottle and commenced giving according to directions; and before one-third of the bottle had been taken she was entirely cured, and enjoyed perfectly good health at this time. Most respectfully yours, W. D. NETTER.

BRANCHVILLE, Ala., March 11th, 1867. MESSRS. HOSTETTER & SMITH, Pittsburgh, Pa.: Dear Sirs: I am largely able to express my gratitude for the benefit I have derived from the use of your Stomach Bitters. I have been afflicted with Liver Complaint and Dyspepsia for more than five years, from which I have suffered no little. My physicians failed to give me permanent relief. I became melancholy and unhappy; my constitution was much broken down by using mercury. Accidentally meeting with one of your Almanacs, it induced me to procure a bottle of your Bitters, which afforded me very great relief, and it is my sincere opinion that they will soon effect a permanent cure. I was pronounced incurable, and my recovery through your Bitters will be little short of a miracle. My neighbors express surprise at seeing me so much improved in health, and look upon my rapid recovery as wonderful. Gratefully yours, ROBERT F. NEWTON, F. M.

CHENOA, Ill., Oct. 25, 1867. MESSRS. HOSTETTER & SMITH—Gents: We have sold your Bitters for 16 years. We have found it to give universal satisfaction. We sell more of it than any other Bitters, and take pleasure in recommending it to the public. Yours respectfully, MILLER & BOSTOCK.

SPARKER'S BASIN, July 19th, 1867. MESSRS. HOSTETTER & SMITH—Gents: I have been afflicted with Scrophulous and Bilious Complaints for a long time, and physicians could give me no relief. By the advice of your agent I purchased a bottle of your Stomach Bitters, and, strange to say, one bottle cured me entirely. I would recommend it to all who are afflicted in the same way. Respectfully yours, SALMON ALLEN.

SALEM, Ohio, May 1, 1867. MESSRS. HOSTETTER & SMITH—Gents: I have prescribed your Bitters in a great number of cases of Dyspepsia, and as a Tonic in cases of general debility, and have found it to answer the most sanguine expectations. Respectfully, S. D. HARMAN, M. D. Formerly Physician to the Cincinnati Marine Hospital; Member of the London Medical Society of Observation, &c.

P. S.—I send you the above voluntarily, and you may use it as you desire.

SPARKER'S BASIN, July 25th, 1867. MESSRS. HOSTETTER & SMITH—Gents: For the past two years I have been afflicted with Chronic Disease and weak stomach. I have tried a great many medicines, but I have received no benefit. I was at last advised to try your celebrated Stomach Bitters, and to my great astonishment it has entirely relieved me. I have recommended it to others, and it has always given perfect satisfaction. JOHN O'BARR.

ANDERSON, C. H. S. C., April 22, 1867. MESSRS. HOSTETTER & SMITH, Pittsburgh, Pa.: Gents: About the 15th of December last, I had a severe attack of Rheumatism, which debilitated my frame so much that I was reduced to a mere skeleton. I was recommended by my cousin J. J. Baker, to try a bottle of your celebrated Bitters. I did so, and must confess that I am now in good health, and attribute it entirely to your Genuine Bitters. Very truly yours, JOHN DAVIS, Jr.

KEXTON, Hardin Co., Ohio, March 8, 1867. MESSRS. HOSTETTER & SMITH—Gents: I have been using your Bitters for the last ten or twelve years, and confidently say they are all you recommend them to be. So necessary have I found them to my health that I cannot do without them. Yours respectfully, LEWIS A. MILLER.

TURNER, Androscoggin Co., Me., Feb. 22, 1867.

MESSRS. HOSTETTER & SMITH—Gents: I lost my health in the army, and a great sufferer from dyspepsia and other complaints. I have commenced taking your Bitters, and fully believe they have done me more good than all the medicines I have ever taken before. Yours respectfully, B. J. HOOD.

CINCINNATI, Jan. 16, 1867. MESSRS. HOSTETTER & SMITH, Pittsburgh, Pa.: Gents: I have sold your Bitters for the past ten years, part of the time in a malarious district near the mouth of the Mississippi. I have used them myself as a medicine and cure for fevers, and have known many others to do so with perfect satisfaction. I take great pleasure in recommending "Hostetter's Stomach Bitters" to the public. Very respectfully, A. G. PARKER, Of Parker & Vorstman, cor. Center ave. and Chestnut street.

HELENA, Montana Territory, July 6, 1867. MESSRS. HOSTETTER & SMITH, Pittsburgh, Pa.: Gents: We have sold your Bitters for three years in this Territory, and can truly say it is one of the most popular and valuable remedies. There is no one preparation that has a larger sale, or that gives more general satisfaction in this locality. Yours, &c., PARCHER & PAYNTER, Druggists.

VIRGINIA CITY, Montana Ter., July 6, 1867.

MESSRS. HOSTETTER & SMITH, Pittsburgh, Pa.: Gents: I have been severely afflicted with Heartburn and Dyspepsia, and have tried almost all remedies, but without avail. Finally I was recommended to try your Stomach Bitters. I did so, and, after using a few bottles, was entirely restored to health. I now weigh 180 pounds.

I still continue to take your Bitters, and would not be without them. I consider them the only efficacious remedy of the kind in the market. When taken as directed, they will all prove a sovereign remedy to those afflicted with Dyspepsia or diseases of a like nature. Respectfully yours, M. MARK.

MESSRS. HOSTETTER & SMITH—Gents: It is with the greatest pleasure that I recommend your Stomach Bitters to the public. I think it the best Bitters of the day. It is especially adapted to the South and West, where bilious derangements of the liver are prevalent. Ten years' experience in the use of compounds has convinced me to give your Bitters the preference that its popularity merits. A. ANGLE, M. D.

GALLATIA, Saline Co., Ill. MESSRS. HOSTETTER & SMITH—Gentlemen: I have practiced medicine for many years, and used your Bitters in a number of cases with great success, and take pleasure in recommending them to the public in general. Very respectfully, J. SMITH, M. D.

MATTOON, Ill., Jan. 21, 1865. MESSRS. HOSTETTER & SMITH—Gentlemen: I sell more of your Stomach Bitters than of any other medicine. Parties who have tried them speak in very high praise of their excellent virtues. I have used them myself, and prescribe them with unparalleled success. Very respectfully yours, G. T. GILNER, M. D.

N. B.—The genuine Bitters are sold in bottles only. All persons who procure to sell the article by the gallon or barrel are impostors, and the stuff they offer is a worthless and probably poisonous counterfeit. AGENTS FOR THE PACIFIC COAST. ## TOWN AND COUNTY MATTERS.

**FATAL ACCIDENT.**—A gloom of sorrow, such as not often hovers over quiet communities like this, has been keenly felt this week by our citizens, who were shocked by an accident so sudden and fatal that its truth can scarcely be realized. Willie A. Tobey, a promising young man between 13 and 14 years of age, while visiting, with several of his companions, at the residence of G. D. Fiske on Sunday last, was engaged in play with the other boys, who were jumping with each other from a pile of hay. Young Tobey, in making a leap, fell forward on a hay fork in the hands of one of his playmates. One of the tines entered his head near the left eye and doubtless penetrated the brain, it requiring quite an effort to extract it from the wound. The young man, who is a step-son of A. A. DeLong, after receiving the wound, went home and seemed to experience but little pain from the accident. After retiring to bed, however, he became delirious and a physician was immediately sent for. Everything possible was done to relieve the sufferer, but it soon became evident that death alone could relieve his distress. At one o'clock on Tuesday morning, in the presence of his heart-broken mother and a number of sympathizing friends, he breathed his last. The funeral was largely attended, the services being conducted by Rev. W. C. Curry and Elder J. N. Pendegast.

**DEMOCRATIC MEETINGS.**—A large and enthusiastic meeting was held in Cacheville, on Friday evening last. Hon. J. M. Kelley, president. Eloquent addresses were delivered by Hon. M. A. Woods, Col. J. C. Ball, Hon. A. Comte, Jr., and A. H. Pratt, Esq. On the following evening the Democracy of Buckeye turned out in full force to hear Hon. A. Comte, Jr., who made a most excellent speech, engaging the attention of the audience for more than two hours. Other able speeches were made by J. C. Ball and W. M. M. Davis. At both these meetings bonfires blazed and the roar of cannon mingled with the cheers of the enthusiastic crowds. At Cacheville the Democratic party repelled the unwarranted attacks which had previously been made upon him by his political opponents, and thoroughly vindicated his course, politically as well as personally.

**HYMNICAL.**—We had the pleasure on Tuesday last of attending one of the most pleasant wedding parties ever recorded in our memory. The happy couple—Q. V. Day and Miss A. M. Giddings—entered upon the voyage of matrimony in the midst of many admiring friends, at the residence of the bride's father, where the richest delicacies of the season were plentifully and tastefully prepared for the assembled company. Many were the kind wishes and congratulations exchanged on the occasion, and the two loving hearts, blended in one, seemed happy in anticipation of the joys of wedded life begun under circumstances so pleasant and propitious. All most were persuaded to "go and do likewise." May their joys be continuous, and their days on earth many.

**TELEGRAPH.**—We are informed by Fleishman & Kaufman, through whose enterprise a telegraph office has been established in this place, that the line from Davisville here will be completed to-day, and ready for the transmission of messages to all parts of the country. The event is a subject worthy of congratulation. The unimpeded growth and prosperity of the community has created a demand for telegraphic communication, and all will rejoice that the want has been supplied. The office is located at Fleishman & Kaufman's store, Main street.

**QUIET.**—No amusement of any kind, not even a fight, has been indulged in on the streets this week. A sickly attempt, however, was made on Thursday by some indolent and heartless personage to perpetrate a joke on a citizen who was returning from a horse show, with the proprietor of one of the livery stables in town. The joke was a miserable failure, as it should have been, and the contentment with which it is received should admonish the lover of fun to seek a more appropriate occasion for indulging in such pastime.

**WITH DYSPETICS.**—Everything is wrong. Food does not digest; sleep does not refresh; wine does not cheer; smiles do not gladden; music does not charm, nor can any other joy enter the breast of the miserable dyspeptic. You must get rid of it or it will become septic and confirmed, and life will be a burden and existence a curse. PLANTATION BOTTLES will do away with all this. New life, strength and energy will take possession of you. The damask will again bloom upon your cheek, and the lustre in your eyes will again be as bright as the sun in your healthiest, happiest and most joyous days.

**SAD ACCIDENT.**—We regret to learn that a little son of Jacob Leyson, formerly of this place, met with a fatal accident in Sacramento on Tuesday last. It appears he was playing with other little boys on the roof of a building and fell through a skylight a distance of sixteen feet to the floor below, fracturing the skull. Little Isaac, the third son, was two years and nine months old, and was quite an intelligent little fellow. We sympathize with the bereaved parents.

**WHITE DRESS.**—A correspondent writing from Hungry Hollow (not an attractive name) informs us that a white deer was shot and killed in Cache Creek Canon last week. It is described as having been very beautiful. The lucky hunter, Wash Lambert and a friend, invited their friends to partake of a feast, and carefully preserved the skin of the animal with the design of having it stuffed.

**NEW RESTAURANT AND SALOON.**—James R. Goyer, of Sacramento, has purchased the two central rooms in the new brick, adjoining Hyman's, on Main street. It is the design of the purchaser to have them neatly fitted up and arranged for a first class restaurant and saloon.

**BALL.**—The lovers of good music and dancing will be afforded a rich treat on Thursday evening, the 29th inst. J. M. Wood (formerly of the Pioneer Blind Trombone) will give a social ball at Baker's Hotel, on that occasion. He has secured the services of the Woodland Brass Band.

**RATTLE-SNAKE.**—A venomous looking rattlesnake may be seen in the show window of Hall's Drug Store. His snakeship is of an unusual size, and was captured alive in Cache Creek Canon.

**CHANCE FOR BARGAINS.**—A reputation for strict attention to business, and upright dealing, is always the main-spring of prosperity. The office of C. S. Frost, real estate agent, has been crowded with customers during the week. We notice that he has on hand at present some good farms and most desirable town lots for sale. Purchasers would do well to give him a call.

**ARRIVED.**—Dr. H. J. Plomtaux has returned to Woodland and is prepared to practice the various branches of dentistry. Those weary of enduring the toothache should call on him for relief.

**TO HEADS OF FAMILIES.**—Are your little ones subject to croup? If so, don't fail to use NEWELL'S PULMONARY SYRUP. A few doses given in time may save the life of a darling child. Do not fail to have it on hand, if you would be safe and free from anxiety.

**ELECTRO SILICON.**—This curious and valuable substance is confidently claimed to be the BEST ARTICLE ever discovered for cleaning and polishing Gold, Silver and Plated Ware, and all smooth metallic surfaces of whatever description, including kitchen utensils of tin, copper, brass, steel, etc.

**"IN TIME OF PEACE PREPARE FOR WAR."**—So get a bottle of Dr. E. COOPER'S UNIVERSAL MAGNETIC BALM, an unequalled preparation for Dysentery, Diarrhoea and Cramp. The instantaneous relief for Burns, Bruises and Sprains.

## DIED.

In Woodland, Oct. 13th, Willie A. Tobey, step-son of A. A. DeLong, aged 13 years. [Providence, (R. L.) papers copy.]

**DOMESTIC PRODUCE.**—Thus far since harvest our receipts of breadstuff aggregate something over three million cents, being very nearly equal to those of a corresponding period last year. The prevailing rates paid for choice wheat have ranged since July 1st from \$1.55 to \$2.00—averaging, perhaps, \$1.95 for the best grade, and for mixed and inferior parcels \$1.80. We doubt if a single entire cargo of good and merchantable wheat has been exported this season below the cost of \$1.85 per cbl, as an entirety. These prices are much higher than the most sanguine dared to hope for early in the season, and is mainly the result of the large Australian demand which set in early and continued until competition from New York and Liverpool buyers drove prices above all reason and far beyond rates warranted by the necessities of the times in any of the markets named. The result is now apparent by the very general withdrawal of all Eastern and Foreign orders, or the purchasing limits so reduced for flour and wheat that at this writing exporters are about out of the market.

We have already been visited by the first rains of the season, doing more or less damage to the grain now exposed in the fields unthreshed and to the many thousands of tons sacked and corded up in the interior awaiting transportation to the city. The wheat offerings of choice quality during the week past have been in excess of any like period since harvest. Shippers are, however, holding back, unwilling to pay the extreme rates asked by holders. At the same time, parcels of wheat of inferior quality are rapidly accumulating, considerably in excess of mill requirements; prices, in consequence, are cheapening in a much greater ratio than for lots of choice quality. Prices at the close occupy a wider range than heretofore during the season. Stocks of flour and wheat in city warehouses are considerable, yet we see no reason to change our predictions regarding the largeness of the wheat crop. The surplus promises to be even greater than the means of exportation will suffice from now until next harvest. Our latest Liverpool quotation for wheat to date is 12s 7d; freight, £3. New York prices, \$2.40 to \$2.50 currency; freight, \$1.00 to \$1.10 per ton. [Market Review.]

**RADICAL POLITENESS.**—The shocking exposure of bribery and corruption in the late Republican Convention of San Francisco, where the party has claimed to be composed of the "purest and best" citizens, has opened the eyes of the men who are now at the head of the organization in this State. So long as they indulge their swindling propensities at the expense of Democrats, but little credit will be given to it; but when practiced among themselves, as in this instance, for the purpose of defrauding one another, a howl of indignation is sure to follow. Yet it is strange that the more honest among them do not see that those who will defraud a political opponent would not hesitate to play the same game on their own party friends, whenever self-interest demands it and the opportunity offers. How can the radical elements of the State of Nevada expect honest, fair dealing from the men who resorted to such outrageous frauds in the election of Senator Nye? Or how can the San Francisco Republicans expect anything better than was exhibited in their late Convention, from the men who bullied primaries and manipulated Conventions in the interest of Gorman? The truth is that the Radical organization has passed into the hands of a reckless and unscrupulous set of political tricksters as ever caused a party. The people of San Francisco know by bitter experience what it is to trust such men, and the recent exposure shows how little could be expected from them if elected. Fortunately, there is no danger of this, as the Democracy are united, harmonious, and certain to carry the city by an overwhelming majority. [Capital Reporter.]

**ON THE STUMP.**—Judge L. A. Norton, of Healdsburg, Sonoma county, a prominent lawyer and leading Republican, is now canvassing for Seymour and Blair. In a recent speech at Windsor, Judge Norton said: "He acted with the Union party for the preservation of the Union; but he thought it as criminal to act with the radical party now as to have given aid and comfort to the rebels under Jeff. Davis." Last year, Judge Norton was a candidate before the Republican Convention for County Judge, and he has a host of warm friends in the party who will weigh well what he says. James C. Fenno, of Healdsburg, another prominent Republican and supporter of Gorman against Governor Haight, has come out actively for Seymour and Blair. So it goes. From every quarter we hear of valuable accessions to the ranks of the Democracy. [Sac. Reporter.]

**PLEASE NOTICE.**  
The claims of the Florence Company for the First Premium at the Great Paris Exposition of 1867, though seeming true in letter, is really false in spirit and intent, and calculated greatly to deceive the public. Although it did receive the Silver Medal—that being the highest award given—it was not awarded the FIRST PRIZE!

This was awarded the WEED Sewing Machine, and to the WEED only, as being "first in the order of merit." The second place was given to an European Machine, and only the third to the Florence! But the claim of the Wheeler & Wilson Company, at this Fair, is a great outrage, both as to letter and spirit, at least so much of it as pertains to their Gold Medal upon their Family Machine, which, to speak of any name, manufactured for the last eight years. Even a superficial observer can easily see that it surpasses all others, at least in the simplicity and durability of its machinery, and its remarkable

Some of these Companies have lately assumed the grave and questionable responsibility of advertising under their officers' signatures that their notes or loans would be offset by dividends. (See Barnes' Report for 1868.) In order to cancel their notes by dividends, they would have to assess their Policy-holders from 40 to 77 per cent.

# The Reasons for Insuring

NEW ENGLAND MUTUAL Life Insurance Company, OF BOSTON.

By the Acts of Massachusetts, incorporated into the General Statutes of 1860 and 1864, a Policy of Life Insurance for the benefit of a Married Woman, or any person or persons specified, goes to them independently of the debts and liabilities of the party who effects the policy.

An Act to Regulate the Forfeiture of Policies of Life Insurance.

Be it Enacted, etc., as follows:

SECTION 1.—No Policy of Insurance on Life, hereafter issued by any Company chartered by the authority of this Commonwealth, shall be forfeited or become void by the non-payment of premium thereon, any further than regards the right of the party insured therein to have it continued in force beyond a certain period, to be determined as follows, to-wit: The net value of the policy, when the premium becomes due and is not paid, shall be accepted, according to the "combined experience" or "actuarial" rate of mortality, with interest at four per cent. per annum. After deducting from such net value any indebtedness to the company or notes held by the company against the insured, which notes if given for premium shall then be canceled, four-fifths of what remains shall be considered as a net single premium of temporary insurance, and the term for which it will insure shall be determined according to the age of the party at the time of the lapse of the premium, and the assumptions of mortality and interest aforesaid.

SECTION 2.—If the death of the party occur within the term of temporary insurance covered by the value of the policy, as determined in the previous section, and if no condition of the insurance, other than the payment of premium, shall have been violated by the insured, the company shall be bound to pay the amount of the policy the same as if there had been no lapse of premium, anything in the policy to the contrary notwithstanding; provided, however, that notice of the claim and proof of the death shall be submitted to the company within ninety days after the death; and provided also, that the company shall have the right to deduct from the amount insured in the policy the amount at six per cent. per annum of the premium that had been forborne at the time of the death.

# YOLO COUNTY DEMOCRAT.

## National Democratic Platform.

The Democratic party in National Convention assembled, reposing its trust in the intelligence, patriotism and discriminating justice of the people, stand upon the Constitution as the foundation and limitation of the powers of the Government, and the guarantee of the liberties of the citizen, and recognize the questions of slavery and secession as having been settled for all time to come by the war, or the voluntary action of the Southern States in Constitutional Conventions assembled, and never to be resuscitated, do, with the return of peace, demand:

First—The immediate restoration of all States to their rights in the Union under the Constitution of civil government and the American people.

Second—Amnesty for all past political offenses and the regulation of the elective franchise in the States by their citizens.

Third—The payment of the public debt of the United States as rapidly as practicable, all money drawn from the people by taxation, except so much as is requisite for the necessities of the Government economically administered, being honestly applied to such payment, and when the obligations of the Government do not expressly state upon their face or the law under which they were issued does not provide that they shall be paid in coin, they ought in right and in justice to be paid in the lawful money of the United States.

Fourth—Equal taxation of every species of property, according to value, including Government bonds and other public securities.

Fifth—One currency for the Government and the people, the laborer and the officeholder, the pensioner and the soldier, the producer and the bondholder.

Sixth—Economy in the administration of the Government, the reduction of the standing army and navy, the abolition of the Freedmen's Bureau, and all political instrumentalities designed to serve negro supremacy; simplification of the system, and discontinuance of inquisitorial modes of assessing and collecting internal revenue; that the burden of taxation be equalized and lessened; the credit of the country made good; all enactments for the enrolling of the State militia into national forces in time of peace, and a tariff for revenue upon foreign imports; and such equal taxation under the internal revenue laws as will afford incidental protection to domestic manufactures as well, without impairing the revenue, impose the least burden upon and best promote and encourage the great industrial interests of the country.

Seventh—Reform of abuses in the administration, the expulsion of corrupt men from office, the abrogation of useless offices, the restoration of rightful authority to the independence of the Executive and Judicial Departments of the Government; the subordination of military to the civil power, to the end that the usurpation of Congress and despotism of the sword may cease.

Eighth—Equal rights and protection for naturalized and native born citizens at home and abroad; the assertion of American nationality which will command the respect of foreign powers, furnish an example and encouragement to people struggling for national integrity, constitutional liberty and the rights of naturalized citizens against the absolute doctrine of immutable allegiance and the claims of foreign powers to punish them for alleged crimes committed beyond their jurisdiction. In demanding these measures and reforms we arraign the radical party for its disregard of right and the unparalleled opposition and tyranny which have worked its career. After the most solemn and unanimous pledge of both Houses of Congress to prosecute the war exclusively for the maintenance of the Union under the Constitution, it has repeatedly violated that sacred pledge under which we carried our flag to victory. Instead of restoring the Union it has subjected the States, in time of profound peace, to military despotism and negro suffrage. It has nullified the right of trial by jury; it has abolished the habeas corpus, that most sacred writ of liberty; it has overthrown the freedom of speech and the press; it has substituted arbitrary seizures and arrests, and military trials and secret Star Chamber inquiries for constitutional tribunals. It has disregarded in time of peace the right of the people to be free from search and seizures. It has entered the post and telegraph offices, and even the private rooms of individuals, and seized their private papers and letters, without any specification or notice of affidavit, as required by the organic law. It has converted the American Capitol into a hostile. It has established a system of spies and official espionage to which no constitutional monarchy of Europe would dare resort. It has abolished the right of appeal on important constitutional questions to the supreme and judicial tribunal, and threatens to curtail or destroy its original jurisdiction, which is irrevocably vested by the Constitution, while the learned Chief Justice has been subject to great and atrocious calumnies merely because he would not prostitute his high office to the support of the false and partisan charges preferred against the President. Its corruption and extravagance have exceeded anything known in history, and by its frauds and monopolies it has nearly doubled the burden of the debt created during the war. It has stripped the President of his constitutional power of appointment, even of his own Cabinet. Under its repeated assaults the pillars of the Government are rocking on their base, and should it succeed in November next, and inaugurate its President, we will meet as a subjected and conquered people amid the ruins of liberty and the scattered fragments of the Constitution. And we do declare and resolve that ever since the people of the United States threw off all subjection to the British Crown, the privilege and trust of suffrage have belonged to the several States, and have been granted, regulated and controlled exclusively by the political power of each State respectively, and any attempt by Congress, on any pretext whatever, to deprive any State of this right, or interfere with this exercise, is a flagrant usurpation of power which can find no warrant in the Constitution, and if sanctioned by the people will subvert our form of Government, and can only end in a single centralized, consolidated government, in which the separate existence of the States will be absorbed, and an unequalled despotism be established in place of a Federal Union of co-equal States, and that we regard the reconstruction acts of Congress such usurpations, and unconstitutional, revolutionary and void.

That our soldiers and sailors, who carried the flag of our country to victory against a most gallant and determined foe, must be ever gratefully remembered, and all the

guarantees given in their favor must be faithfully carried into execution.

That the public lands should be distributed as widely among the people and should be disposed of either under the pre-emption of homestead lands, and sold in reasonable quantities, and to none but actual occupants, at the minimum price established by the Government. When grants of the public lands may be allowed necessary for the encouragement of important public improvements, the proceeds of such lands, and not the lands themselves, should be applied.

That the President of the United States, Andrew Johnson, exercising the power of his office in restricting the aggression of Congress on the constitutional rights of the States and the people, is entitled to the gratitude of the whole American people, and on behalf of the Democratic party we tender him our thanks for his patriotic efforts in that regard.

Upon this platform the Democratic party appeal to every patriot, including all the conservative elements, and all who desire to support the Constitution and restore the Union, forgetting all past differences of opinion, to unite with us in the present great struggle for the liberties of the people; and that to all such, to whatever party they may have heretofore belonged, we extend the right hand of fellowship, and hail all such as friends and brothers.

# HELMBOLD'S BUCHU.

## The only Known Remedy

Diabetes, Irritation of the Neck of the Bladder, Inflammation of the Kidneys, Catarrh of the Bladder, &c., &c., &c.

For these diseases, it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms. Are you troubled with that disgusting pain in the small of the back and through the hips? A teaspoonful a day of Helmbold's Buchu will relieve you.

Physicians and Others

PLEASE NOTICE.

I make no secret of ingredients. Helmbold's Extract Buchu is composed of Buchu, Cubebs and Juniper Berries, selected with care, prepared in vacuo and according to the rules of

Pharmacy and Chemistry.

These ingredients are known as the most valuable Diuretics afforded. A Diuretic is that which acts upon the Kidneys. Helmbold's Extract Buchu acts gently. It is pleasant in taste and odor, free from all injurious properties, and immediate in its action. For the satisfaction of all, see Medical Properties contained in Dispensatory of the United States, of which the following is a correct copy:

"Buchu. Its odor is strong, diffusive and somewhat aromatic. Its taste bitterish, and analogous to that of mint. It is given chiefly in complaints of the Urinary Organs, such as Gravel, chronic catarrh of the Bladder, morbid irritation of the Bladder and Urethra, diseases of the Prostate, and Retention or Incontinence of Urine, from a loss of tone in the parts concerned in its evacuation. It has also been recommended in Dyspepsia, chronic Rheumatism, cutaneous affections and Dropsy."

For further information see Professor Dewees' valuable works on the Practice of Physic. See remarks made by the celebrated Dr. Physic, of Philadelphia. See any and all standard works on Medicine.

Dr. Keyser is a physician of over thirty years' experience, and a graduate of the Jefferson Medical college and of the University of Medicine and Surgery of Philadelphia:

Mr. H. T. HELMBOLD—Dear Sir: In regard to the question asked me as to my opinion about Buchu, I would say that I have used and sold the article in various forms for the past thirty years. I do not think there is any form or preparation of it I have not used or known to be used, in the various diseases where such medicine agent would be indicated. You are aware, as well as myself, that it has been extensively employed in the various diseases of the bladder and kidneys; and the reputation it has acquired, in my judgment, is warranted by the facts. I have seen and used, as before stated, every form of Buchu—the powdered leaves, the simple decoction, tincture fluid extracts; and I am not cognizant of any preparation of that plant at all equal to yours. Eighteen years' experience ought, I think, to give me the right to judge of its merits, and without prejudice or partiality I give your precedence over all others. I value your Buchu for its effects on patients. I have cured with it, and seen cured with it, more diseases of the bladder and kidneys than I have ever seen cured with any other Buchu, or any other proprietary compound of whatever name. Respectfully yours, etc.

GEO. H. KEYSER, M. D., 140 Wood st., Pittsburg, Pa., August 11, 1885.

HELMBOLD'S FLUID EXTRACT BUCHU.

FROM THE LARGEST MANUFACTURING CHEMIST

IN THE WORLD.

I am acquainted with H. T. Helmbold; he occupies the drug store opposite my residence, and was successful in conducting the business where others had been equally so before him. I have been favorably impressed with his character and enterprise. WM. WRIGHTMAN, (firm of Powers & Wrightman), Manufacturing Chemists, New York and Brown streets, Philadelphia.

The proprietor has been induced to make this statement from the fact that his remedies, although advertised, are genuine preparations, and knowing that the intelligent refrain from using anything pertaining to Quackery, or the Patent Medicine order—most of which are prepared by self-styled doctors, who are too ignorant to read a physician's simplest prescription, much less competent to prepare Pharmaceutical preparations. These parties resort to various means of effecting sales, such as copying parts of advertisements of popular remedies and finishing with certificates. The absence of medicine stands simple, pure and majestic, having fact for its basis, induction for its pillar, truth alone for its capital.

A Word of Caution.

Health is most important; and the afflicted should not use an advertised medicine, or any remedy, unless its contents or ingredients are known to others besides the manufacturer, or until they are satisfied of the qualifications of the party so offering.

# STOP THAT COUGHING.

Some of you can't, and we pity you. You have tried every remedy but the ONE destined, by its intrinsic merit, to supersede all similar preparations.
